Closest Race in County History Up to Absentees

Contra Costa voters surprised political observers throughout yesterday as results were still being tabulated yesterday on one of the longest primary ballots in Contra Costa history.

The vote was the largest in Contra Costa history and election officials estimated that total count would run close to 120,000.

The high record previously established in the primary election two years ago was approximately 90,000.

Returns were incomplete yesterday afternoon with 788 of 790 precincts reported, and recounts being made in the Walnut Creek Judicial contest and Third Supervisorial race.

IN THE TIGHTEST race, Superior Court Judge Thomas Fraga Department VI, led Assistant District Attorney Thomas McBride by a scant 534 votes with some 1381 absentee ballots yet to be counted.

Oscar Johnson of Morgan Territory placed second with 20,764; Ernest Marchi with 18,812 and Warren Lamb, 10,493.

Davis, Ring Still Close; Rahn is Tops

Absentee ballots may very well decide who will run-off in the November general elections for Walnut Creek Judicial District Judge, according to still incomplete returns computed by the county elections office.

Betsy Fitzgerald Rahn ran high in the contest which featured active campaigns by nine attorneys. Running second, as The Sun went to press, was Jackson Davis and a close third, C. Terence Ring.

Mrs. Rahn received 4285; Davis 2936 and Ring 2876. Running a close fourth was Robert Fugazi with his 2799.

Others in the race were Vernon Patterson, 2381; George Walker, 1627; Fred Krahe, 1632; John Forde, Jr., 1005 and Richard Tiedman 721.

In the Danville Judicial District judge contest, incumbent Judge Van Gordan nabbed 1571 votes to win over John Hartwell, who received 792 votes.

New Pumping Plant Goes Into Operation

The East Bay Municipal Utility District's new Walnut Creek pumping plant was placed in operation for the first time May 26, four months before completion of all construction.

EBMUD Director Harold W. Saunders turned the switches to start two 2,500 horsepower pumps which are bringing an additional 40 million gallons of Mokelumne River water to the East Bay every 24 hours.

Saunders declared that the pumping plant has been rushed into service because of the rising water needs in the EBMUD service area, which resulted in a new construction record of more than 151 million gallons daily for the plant.

The plant structure will not be completed until September, Saunders stated, but the plant's six pumps and motors with a total of 13,500 horsepower have been ready for operation. They will be able to boost the daily Mokelumne Aqueduct flow from 91 million gallons to a total of 155 million gallons daily when the pumps are operating on both No. 1 and No. 2 Aqueducts.

The new plant, located just within the Walnut Creek City limits on Geary Road, replaces the original Walnut Creek pumping plant one block south on First Avenue, built in 1928. Both plant sites are on the Mokelumne Aqueduct right-of-way.

Rheem Post Office Stays

The Post Office Department has decided to continue the Rheem Post Office as an independent post office Congressman John F. Baldwin stated today.

Baldwin stated that, on May 14, 1958, he had submitted a recommendation to the Post Office Department to continue this post office in operation.

This recommendation was based upon a petition signed by a majority of the home owners who live nearer to the Rheem Post Office than to any other post office.

Baldwin said that he had received a reply dated May 26 from W. E. Birdsall, Acting Director, Postmasters Division, Post Office Department, stating, "A decision has been reached to take no further action at this time toward the conversion of the Rheem post office."

The Congressman said that this means the post office will be continued in operation as an independent post office.

Orinda Vacation Fete Offers Real Opportunities

This copy of the Sun contains no less than 23 opportunities for you to add a government savings bond to your savings.

As a part of Orinda's big Summer Vacation Festival today and tomorrow, 23 Orinda merchants are running coupon ads in the paper.

The Chamber of Commerce is contributing two savings bonds, a \$25 one and a \$50 one. To win, Orindans may clip the coupons from the ads, in the Vacation Festival Section of the Sun and take them to the store whose name is printed on them.

There will be a drawing at 2:30 p.m. tomorrow in downtown Orinda.

The bond award, however, is only a part of Orinda's Vacation Festival, which will spotlight everything dealing with summer vacation fun.

School Board Adopts First Budget Draft

The Orinda School Board Monday night approved a tentative budget of \$1,200,746 for the coming school year. The figure is \$148,000 higher than last year's.

However, according to School District Superintendent Joseph Sheaff, the local school tax, \$2.73, will remain the same, and may drop.

Reason, he said, is that there is an anticipated increase in the assessed valuation of property.

Reasonably assured that there will be on tax raise, Sheaff commented that the district is "on the spot" concerning tax rate "guesswork."

The first week in August there are public hearings on the budgets. Then, just days after the hearings, the public gets word from the county on new assessed valuation figures.

Prior to the August hearing, budgets are submitted to the county school superintendent for approval. They are submitted, Sheaff said, July 1, and returned for publication July 20.

In other school board business, bids were opened on the Glorietta School Addition. Low bidder was Fred Von Gunther, at \$148,250. Other bids ran as high as \$168,550. By law, Sheaff said, the school district must accept the lowest bid.

Bids have been sent to the state for approval and should return here within about five days, Sheaff said.

Glorietta work includes three classrooms, library, kindergarten, and a stage in the multi-purpose room.

Because of work at Glorietta, Sheaff said, grades 1, 2 and 3 will have to "double session" until the new section is completed.

Also, fourth graders will remain in the school next year as fifth graders. The fifth grade, now at Orinda School, will return to Glorietta as sixth graders.

A sum, not to exceed \$925, was approved for Charles Merrill, of committee, to compile a handbook of school policy data for parents. Chairman of the committee, Merrill reported on work his group has been doing.

A special meeting was set for June 16th for inspection of the Sleepy Hollow addition. Time of the meeting will be 8 p.m.

Soroptimists Set Officer Seating

The Lafayette-Orinda Soroptimist International will install officers Tuesday at 7:30 p.m. at the El Nido Ranch.

Orinda Vacation Fete Offers Real Opportunities

"It will be a real opportunity for Orindans to see the very latest in summer vacation items, and to purchase them at appealing prices," according to Al Baer, of the Village Shoe Shop, chairman of the merchants' division of the Chamber of Commerce.

Kedso the Clown, of the Popeye TV program, will be on hand for the kiddies, with special appearances in the New Village Shopping Center, at 10:30 a.m.

Nejedly Dumps DA Collins By 11,286 Votes in Upset

Even seasoned political pundits were surprised early Wednesday morning in Martinez and Richmond as returns were tabulated in the Contra Costa District Attorney election.

John A. Nejedly, Walnut Creek attorney, dumped 13-year incumbent Francis Collins in his bid for reelection by some 11,286 votes. The total count reported by yesterday afternoon was Collins 47,382 and Nejedly 58,678.

NEJEDLY HAD campaigned on the basis of becoming the county's "first full-time district attorney."

Nejedly promised in campaign statements to stop the private practice of the district attorney and of his deputies.

At the present time the district attorney and most of his deputies maintain private practices as well as working for the county as legal officers.

Community Pool Officers Claim Excise Tax 'Soaking'

Swimmers in the Walnut Creek-Lafayette-Orinda community pool circuit have been getting a noseful—of federal taxes that is.

This week representatives of a dozen area swimming pool clubs banded together to see what can be done to get Uncle Sam to remove the 20 per cent excise tax which is presently tacked on community pool memberships.

The apparent course of action: write to congress.

The task may not be insurmountable, according to Gene Brown, president of Lafayette's Las Trampas Community Pool. Brown, who attended the pool officers' get-together in Castro Valley Tuesday night, says a bill is already in the mill in the Senate.

BROWN EXPLAINS that a bill, dealing with the excise "problem," has already been by the lower house. It is now in the Senate but must be acted on before the end of the present session or it will "die."

The bill, known as the Foran Bill, was passed by the House a year ago, and contains a provision which would allow "community pools" to be exempt from the excise tax. Currently the excise tax, intended for "luxury items," applies to most "athletic and social clubs."

BROWN, WHO ATTENDED the Castro Valley meeting with Las Trampas pool vice-president Bob Pritchard, said that officers at the meeting represented approximately 10,000 Orinda-Walnut Creek-Lafayette community pool members.

Officers of the pool groups, 12 of them from this area and 3 from Castro Valley, were united in agreeing that they should write letters to the Senate urging passage of the bill. If adopted, it would amend Excise Tax Charge Act of 1957.

Parents to Hear Rundown On Program June 18

By FRED HILL

Do parents in the Orinda School District want a permanent summer school and recreation site in the Sierras?

They'll have a chance to find out at a meeting Wednesday, June 18, 8 p.m. in Pine Grove School.

News of the public session to discuss the pros and cons of the oft-talked-about Sierra site came following preliminary talks at Monday night's school board meeting.

Discussion at Monday's board meeting centered on preliminary architectural sketches and possible costs of piping water to the site.

Installation, over a period of 15 years, of certain improvements and utilities, is a proviso of the land offered from the U. S. Forestry Service under its "Operation Outdoors" program.

PRESENT AT THE board meeting were architects Carl Kolbeck and Ken Cardwell. They showed sketches of some structures which could be built on the site.

Next speaker was Curriculum Director Glenn McNicholas who reported some data on possible costs of getting water to the site. One solution to the water supply problem, McNicholas said, would be to form a "water pool" with other agencies also using government land in the area.

He explained that to date four agencies (schools, YMCAs, recreation districts including Orinda) have put in their bids for property in the same Sierra vicinity.

Total cost for installing a central water supply for all agencies, McNicholas said, would run about \$80,000. However, he explained, the four agencies have decided it would be only fair to pro rate costs, of sharing the water supply, on the basis of the number of youths in each organization.

UNDER THIS PLAN, currently, Orinda's share of the water "bill" would be about \$6,000. This would include installing a pump at Fallen Leaf Lake, piping water to a tank, and leading it to the four site areas.

McNicholas also explained that eventually as many as 12 agencies could share in such a "water company." This could bring Orinda's share down to about \$1,600, he said.

Director of Physical Education and Recreation Frank Isola suggested that the board consider distributing a bulletin, explaining to parents the tentative costs and other factors, prior to the June 18 public meeting. He was appointed to work with a committee on preparing the information sheet.

Under the Forestry Service's "Operation Outdoors," agencies are granted land by the government for teaching nature study and conservation during the summer. Under the agreement with the U.S., agencies must make certain improvements on the land over a 12-year period. In the main, improvements are water and sewage facilities. There is no "cost," as such, for the land.

The Orinda School District has put in its bid for one such site, consisting of six acres, near Fallen Leaf Lake, in the Sierras.

School District Superintendent Joseph Sheaff has stated, however, that nothing will be done toward finalizing the agreement unless Orindans favor the plan. Hence the public meeting June 18.

Orinda school children are currently under a similar "outdoor" education program summertime at Echo Summit in the Tahoe area. Enrollment last year was 727. According to Isola, 205 fifth graders attended the school last summer. This year 302 are signed up.

Under the present program, parents pay \$20 per child for the week-long program. The fee covers food and lodging and parents provide transportation.

COMMUTERS CAN Relax; Strike To End Sunday

Contra Costa commuters who ride the Key System will return to "normalcy" on Sunday, as a result of a settlement yesterday between the System's management and leaders of the Carmen's Union No. 192.

Increased traffic flow, which has added 10 to 15 per cent traffic on the Bay Bridge and slowed things down on MacArthur and Broadway in Oakland, will be felt today. But with lesser Saturday commuter traffic the headaches are nearly over.

The contract agreement came after a 25 hour marathon bargaining session. The Carmen will get a 10 cent hourly increase, another eight cents on June 1, next year.

They will also get benefits including a raise in company monthly contribution to the health plan from \$1.73 to \$4.32, double time on holidays instead of half time, more vacation privileges, a new sick leave policy and increase in "work guarantee" of extra board drivers from 145 hours a month to 75 hours in two weeks.

The delay in "back to work" is to allow time for the secret balloting of union members, who can accept or reject the new terms.

The strike began at 12:01 a.m., Monday, and caused thousands of Contra Costa commuters to resort to car pools and trains.

Sleepy Hollow Splash Party Set Tomorrow

The Sleepy Hollow Recreation Association will sponsor a spring get together tomorrow between 4 and 7 p.m. at the Sleepy Hollow Pool in Orinda.

Mr. and Mrs. Sterling Smith of Orinda are in charge of the annual affair. Assisting are Mesdames Robert Dalton, Godfrey Gregg, Irving Grundell, Nels Hamberg, Leland Hamilton, Harold Iversen, R. L. Koehner, Berton Kohler, Alex Poulsen, Stan Soren, Miles Sulliffe, Harl Tyler and Clarence Woodard.

Sun Offers Free Teen Want Ads

Again, The Sun offers to all teen-agers of the area the opportunity of placing free work wanted in the classified sections of The Sun and Sun Shopping News.

Any teen-ager may place a 10-word classified ad at any one of The Sun offices for a two-week period. The ad will appear in The Pleasant Hill Sun, Walnut Creek Sun, Orinda Sun and Sun Shopping News.

The rules are as follows:

The teen-ager must appear in person at one of The Sun offices: 1000 Oak Hill Road, Lafayette, or 1320 Locust Street, Walnut Creek.

ADS MUST BE submitted in writing prior to 3 p.m. Monday for publication in the Wednesday edition of The Sun Shopping News and the Friday edition of The Sun.

Included in the ad should be the name, age, and type of position the teen-ager seeks.

The Sun offices are open Monday through Saturday. Ads may be placed any day of the week. Telephone ads will not be taken, and the ad must be brought in by the teen-ager placing the ad, or by a parent.

Employers are requested to contact the individual at the telephone number listed in the ad, and not to call The Sun for information regarding the individual advertisements.

HUNDREDS of teen-agers have

already taken advantage of The Sun's free work wanted classified ads in past years and found many jobs to keep them busy all summer.

Many of the positions found by the teen-agers helped them decide on lifetime careers.

Some worked in engineering offices, others for contractors; girls found positions as typists, file clerks and similar positions which led to year round work and positions after graduation.

Many geared their school programs to the career in which they had worked during summer months.

IF YOU KNOW a teen-ager, inform him or her of this offer by The Sun, and make sure the ad is submitted before 3 p.m. Monday.

Of course, The Sun cannot take responsibility for claims made in the advertisements. This offer is merely another public service feature of The Sun.

Drive-In Scene: Squad Car; 'Gang' Cars Go

The timely, but accidental, appearance of a Sheriff's patrol car Saturday evening at Chap's Drive-In resulted in approximately 40 youths "digging out" of the parking lot in their cars.

According to Sheriff's Inspector Norman Wilson, the sudden evacuation may have been a part of a rumor concerning a gang war at the drive-in.

According to the rumor, youths from this area and a rival gang from Pittsburg had scheduled a "rumble" here Saturday night.

"We don't know anything," Inspector Wilson said, "except that there was the rumor and that a number of cars, and about 40 youths, left the lot when the patrol car happened to cruise by."

Of his department, Wilson said: "We were in the area and just happened by when the cars pulled into the drive-in, and then vanished. We had been alerted that there might be something, but as far as we knew there was nothing to it."

However, he added: "There might have been."

Teacher Hits Hold-the-Line Salary Tactics

"Teacher morale in the Alacanes High School District is at an all-time low," officers of the Alacanes Education Association, teachers organization for the district, stated today.

They referred to action of Las Lomas, Alacanes and Miramonte High School trustees who denied a teacher request for a cost of living adjustment and percentage raise for 1958-59.

As a result of the defeat of a district tax limit proposal in February, trustees have announced economies with a cut in bus service and cafeteria services for next year. But teachers said that "some buses will still be running and the district's building program will continue as before."

HENRY WEISS, president of the Alacanes Teachers Group, said "On the other hand, teachers face no pay increase as well as the aspect of a higher pupil/teacher ratio stemming from trustee action to cut down the number of teachers hired for 1958-59."

In answer to statements by trustees that the present Alacanes High School District schedule is better-than-average and has a favorable maximum, Weiss stated that less than 10 per cent of the faculty are now at the maximum and that many teachers

because of the hurdles required to achieve the fifteen year maximum, will never reach it. According to the Alacanes Education Association figures, the average Alacanes High School District teacher earns \$190 less than the average earned by high school teachers in the state.

Weiss added, "in addition to the many instructors who teach at night school as well as during the day program, 16 per cent of the male teachers work at outside menial jobs during the school week (including three who deliver morning papers) to supplement the family income."

WEISS ASSERTED that "these teachers aren't going to sacrifice their own interests and the interests of their families forever to educate children whose own parents vote 'no' on school support and appear unwilling to pay for their youngster's schooling."

Weiss said, "if teachers continue to bear the brunt of economies; if the parents and the public vote down another high school tax limit election, then many of the teachers in the district may leave for communities that appreciate education and educators."

Weiss commented that "when it comes to complaining about taxes for education, parents in this community should realize that they spend much more on their family car, as much if not more on cigarettes and liquor, and three times as much of their income on recreation, tobacco and alcohol as they do on the education of their children—as revealed in the University of California Heller report on this area."

East Bay Municipal Water Bonds Pass by 3-1 Vote

East Bay Municipal Utility District's \$252 million bond proposal was carried by a 3-1 margin Tuesday at the polls by both Alameda and Contra Costa County voters.

The measure needed a two-thirds majority to pass which in effect is a 2-1 vote.

The measure approved a 10-year program for construction of new dams, an additional aqueduct and extensive storage and distribution facilities.

Louis J. Bruener, EBMUD president, praised the voters for their decision.

"The people of the Eastbay can be proud of their overwhelming vote," Bruener said.

"By passing Proposition B with more than the necessary two-thirds majority, they have pushed aside the threat of future water shortages and have made sure that we will have plenty of water when we need it in 1967."

"On behalf of EBMUD directors I want to thank all who helped to tell the voters about our water program and I want to thank the voters of the district for responding with such strong support."

"This is an historic day for the District and the more than one million people it serves. We pledge to live up to your faith in our plans to create the best water system in existence anywhere."

The men, "city slicker" business and civic leaders, will spend a week in the saddle, covering up to 25 miles a day in the manner of their pioneer forebears.

Local juniors will demonstrate their work to their mothers at a social during this month.

Mrs. Cuchna said, "Our juniors learn by doing. They have programs of their own, designed for

their ages, and assist the senior members in work for the disabled veterans, needy children of veterans, for the community, state and nation.

"They learn to work in a voluntary group, accepting leadership and exercising leadership to accomplish a worthwhile purpose. When they become eighteen years of age they graduate into senior membership, and we are counting upon them for the future leadership."

Display Work

The supremacy of God, Spirit will be set forth at Christian Science services Sunday.

Scriptural readings in the lesson-sermon entitled "God the only Cause and Creator" will include the following from Psalms (33:6): "By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth."

The Golden Text is Psalms (145:10, 11): "All thy works shall praise thee, O Lord; and thy saints shall bless thee. They shall speak of the glory of thy kingdom, and talk of thy power."

Correlative passages from "Science and Health with key to the Scriptures" by Mary Baker Eddy will include the following (170:22): "Spiritual causation is the one question to be considered, for more than all others spiritual causation relates to human progress. The age seems ready to approach this subject, to ponder somewhat the supremacy of Spirit, and at least to touch the hem of Truth's garment."

Bourland Named To Naval Academy

Congressman John F. Baldwin has announced that he has received notification from the Head of the Naval Academy Admissions Section of the Department of the Navy that David L. Bourland, 33 Elliott Drive, Pleasant Hill, has qualified scholastically and medically to enter the U. S. Naval Academy at Annapolis June 30.

Baldwin stated that there was one vacancy this year at the Academy for the California Sixth District, which he represents in Congress, and that this vacancy has now been filled with the admission of Bourland to the Academy. Baldwin appointed Bourland as his Principal candidate to the Academy on the basis of

an examination given by the Civil Service Commission in Vallejo in November, 1957.

"David Bourland's father, Commander Joseph H. Bourland, was not only selected to be the Regimental Commander of the entire Midshipman body during his first class year at Annapolis, but he also received the sword awarded every year by the alumni to the Midshipman who graduated highest in mathematics," said Baldwin.

"Commander Bourland went down with his ship, a submarine, in World War II, with all on board after striking a mine field off the coast of Japan." "David's father graduated from Annapolis in 1933," Congressman Baldwin said, "and therefore I am proud that it was possible for me to appoint David so that he could follow in his father's footsteps."

Blind Couple Tells of Threat

Mr. and Mrs. Lester Barnard of 1766 San Luis Road, Walnut Creek, complained to police Saturday that a neighbor had warned them that he would kill one of their seeing-eye dogs.

The Barnards are blind, and get around by means of their dogs. They said that the neighbor complained that the dogs cause too much noise.

Polio Clinic Is Tuesday

Every adult, regardless of age, who is in close contact with children, should be immunized against polio," Dr. Elvira Goettsch, Assistant Health Officer, said when announcing the next Health Department Immunization clinic for the Pleasant Hill area.

Dr. Goettsch pointed out that polio immunizations for adults are just as important as those for children. She went on to say that immunizations should be obtained from one's own private physician, who keeps a complete record of all medical services and needs. Health Department clinics are maintained to serve those who would have difficulty in obtaining these services privately.

The County Health Department's Immunization Clinic for the Pleasant Hill area will be held at the Community Baptist Church, 927 Pleasant Hill Road, from 2 to 5 p.m. Tuesday.

In addition to polio vaccinations, immunizations for diphtheria, whooping cough, tetanus and smallpox are available. Those 13 years of age and under must be accompanied by a parent or guardian. Those 14 to 21 must have the signed consent of their parent or guardian. Adults may receive polio, diphtheria, tetanus and smallpox immunizations.

Library Donations Will Honor Late Ted Counter

Contributions are being sent to the Walnut Creek Library memorial fund, established last week in memory of former Mayor and City Councilman E. C. "Ted" Counter Jr., who died of accidental electrocution May 24, while operating an electric trimmer in his yard.

The library will be established on Camplin Avenue, south of Civic Drive on the west side of the city park, on the lot purchased by the city three years ago for that purpose.

It will replace the old library which has been functioning on East Street for more than 30 years.

Mr. Counter worked for the purchase of the library site, also for the allocation of city money for the construction, and the financing by establishment of a Library Service Area.

Contributions are urgently needed, according to Mrs. Leonard Ford, who will administer the fund.

They may be sent in care of Walnut Creek Postmaster Larry Bornholtz, Walnut Creek Post office, Locust Street.

Incorporation procedures will be undertaken for proper administration of the fund, Mrs. Ford said.

The loss of Ted Counter was felt deeply by members of the community.

A man of action, he served his city and his fellow men in varying capacities, and always with the interests of Walnut Creek first.

Jr. College Has Brubeck Concert

The Associated Students of East Contra Costa Junior College in cooperation with the Phi Alpha Kappa Service organization announced that Dave Brubeck will play tonight in the gymnasium of the college.

Brubeck's recording of "Jazz Goes to College" has placed him with the greats of his field like Goodman and Ellington.

He has just returned from a six month tour of Europe and the Near East during which time he appeared in Poland, India, Turkey, and Iran.

The concert behind the Iron Curtain made an impression on the Polish people, who listen frequently to the Voice of America program.

Inefficiency, Dishonesty In Government Cost Us Money

The inefficiency and uneconomical operation of some county offices is a serious matter.

It is bad enough when they are inefficient and uneconomical, too, but it really becomes serious when actual dishonesty is revealed, as is the case with the recent Housing Authority investigation.

It was a long and tedious task to bring the operations of the housing authority to light, and it hasn't really been completed yet, although the present Grand Jury considers the case closed.

The total result is one man in the federal penitentiary and a group of men paying the county back for the unauthorized use of travel and expense funds.

But consider the investigation that it took to bring this matter to light. If the grand jury had a full time investigator, think of what it could do to insure that we have clean, efficient, honest government.

There are many questions regarding the housing authority that we still feel have not been answered satisfactorily, including such items as parties held at Commissioner Gerould Gill's Marsh Creek Lodge, a \$500 campaign "kickback," the exchange of a Housing Authority automobile and possible misappropriation of tools and property.

Nevertheless, the grand jury should be commended for their work in this matter. It was a hot political situation, because the commissioners are mostly political appointees, and when you start working on them like the grand jury did, you can't help but step on a few toes.

Furthermore, it was right before a good, solid election, and the grand jury deserves plenty of commendation for taking the action that it did at the time that it did.

WE ON THE SUN also feel proud that we were able to help clear up some of the mess, and we will continue to do so whenever and wherever we can.

A Sun reporter actually went to Martinez and sat down and went over the books of the housing authority. Certainly, it was not what could be called an extensive investigation, but it did provide something for the grand jury to work with—and for the federal investigators also.

The Editor and a Sun staff member spent an afternoon with the grand jury going over the matter, pointing out the results and conclusions found in The Sun, answering questions and providing background.

We are not trained investigators by any means, and The Sun can only devote the time of a limited staff to such material, but it has to be done.

Certainly the grand jury members felt the handicap of not having a full time investigator to work with them on the material that was presented.

AS IT NOW STANDS, the grand jury can only work on what it can discover itself, or what interested residents will bring before it.

It is very important for each of us to remember that the grand jury is a watchdog organization, it is operating for us, and it can be helped immensely by each of us who is willing to help.

This, of course, does not lessen the need for a trained investigator, full time, who could work with and for the grand jury. Past grand juries have asked for an investigator, but have always been refused by the board of supervisors.

We think it is a necessary thing. We urge that an investigator be provided the grand jury.

But until this time comes, we also urge people with problems which come under the jurisdiction of the grand jury to take them to that body. It is pretty important.

Hand-Woven Garb, Rare Art Works Will Key Show

Previewing the lovely, hand-woven dresses to be modeled at Valley Art Center's June 29 Art and Garden Show, the Social Committee of the group met on May 26 at the home of Dr. and Mrs. Fletcher Taylor.

Modeling was by Mesdames Paul Cooper, George Simpson, Richard Mitchell, William Zion, Richard Ward, Frank Cashion, Howard Holmes, Frank Malley, Lyle Lund, and Betty Labaree.

The Art and Garden Show will also be held at the Taylor home, located at 3675 Nordstrom Lane, Lafayette, with the same local matrons again acting as models. The show is open to the public, as well as to members of Valley Art Center.

Along with the hand-loomed garments, it will feature a group of ten impressionist paintings, selected ceramics, garden sculpture and mosaics.

The dresses to be shown are produced by a group of blind craftsmen in the State of Washington and marketed through Merit of California, a Berkeley firm managed by Harold Anderson, who is himself non-sighted. They are designed in current fashions, with exquisite colors, by Margaret Hardy, formerly a designer for I. Magnin Co. Prices are comparable to those of other imported, hand-woven garments; individuality is featured.

Starting humbly with a single loom donated by the State of Washington, the group has grown during the last eight years to the point where 85 blind workers now own their own building and produce enough equipment to produce materials netting them monthly incomes of approximately \$200 each.

The success of the group is attributable in no small degree to superior styling created by an outstanding designer. Along with the garments for women, hand-loomed ties and sport shirts for men will also be displayed.

During the evening of the Art and Garden Show, the model members will circulate among the guests and display the

dresses. Each model will wear a satin ribbon on her wrist to help identify her outfit for anyone wishing to place an order. Mrs. J. Gordon Ainsworth, prominent Orindan, will be prepared to accept orders.

The June 29 show will have four distinctive features for those attending. In addition to the display of clothing, there will be a special wine-tasting demonstration, presented by Weiber and Sons, a display of ten paintings of Picasso, Dufy, Modigliani, Braque, Derain and Utrillo, and a showing of ceramics, garden sculpture and mosaics.

Invitations may be procured from Mrs. Arthur J. Ford, 3147 Margola Court, Lafayette, telephone YELlowstone 5-7025; Mrs. Frank Cashion, Walnut Creek, YELlowstone 4-4163; Mrs. William Ornduff, Atlantic 3-3586; and Mrs. Paul Cooper, Clifford 4-4538.

CULTURE EXCHANGE

Dear Editor:

It was the pleasure of thousands of East Bay and Bay Area residents to see in person the Moiseyev Dance Company from Moscow in the San Francisco Opera House.

This company has 12 curtain calls and a standing ovation at the conclusion of the evening because of their outstanding performance before a packed house. This cultural exchange of artists from our country, such as Van Cliburn and the Philadelphia Philharmonic, can lead to only good results with the Russians. These cultural exchanges take the play away from the politicians with the same old arguments, and a tired cold war phrases.

Some Americans are too provincial, thinking that God or a Higher Power only smiles on the United States. These fellow Americans are honest in their convictions, but this belief is not necessarily correct.

Perhaps in five years, travel restrictions all over the world and in our country will be relaxed so that we can travel for a visit to any land and people from other lands can come here and see and hear for themselves what is going on, instead of getting the news second hand.

MONEY FOR TEACHERS

Dear Editor:

In February the voters of Acalanes School District went to the polls and expressed their desire to curb the spiraling tendency of taxes by defeating the tax limit proposal.

In so doing, I am sure the voters were not implying or suggesting that the teachers salaries be cut or frozen. No, the implications pointed in another direction. We all realize that it is the teacher, not buildings and buses, that educate the students so let the cut in the budget fall where it will not jeopardize the educational standards. When teachers find it necessary to seek additional jobs to supplement their salaries (as depicted in a recent publication of Life Magazine) they cannot devote their full attention to the job of educating the children of our community.

Let's support the core of education, the teacher, by at least adjusting his salary with the cost of living.

MRS. JOSEPH LANYDON

PH UNDERPASS

Dear Editor:

When, oh, when is something going to be done for those of us who commute between Walnut Creek and Lafayette every day, in connection with the bottleneck at the Pleasant Hill underpass?

Right from the first, when the freeway was opened, it was bad, but now it is much worse and getting still worse each week. The traffic heading North on Pleasant Hill Road has no regard whatsoever for those of us trying to enter it from the East.

One morning recently a motorcycle patrolman was going by, saw the bad situation, stopped and acted as a traffic control officer for a short time, and it helped so very much. Couldn't an officer be there each day during the commuters' hours, or couldn't electric signals be put in?

I saw a brief mention of it in an article the other day, referring to the proposed Shepherd-Canyon freeway, and saying it would be fixed when that is built, but that is a long way off, so can't something be done NOW?

I suppose that it would be very expensive to do, but it seems that the logical solution is to have the traffic from Walnut Creek stay on the freeway until we cross the overpass, then turn right on a circular off-ramp and circle down to the Pleasant Hill Road, where it would be simply a merging traffic situation, and not trying to cross at right angles as now.

How about it, fellow commuters, are you as annoyed as I am every day? Let's get something done!

The Election Is Marked By Upsets and Surprises

By HERMAN SILVERMAN

Well, what do you think about the election?

As I sit at the typewriter, there are still some precincts missing but otherwise the die is cast.

Needless to say, the results of the district attorney's race is most gratifying—to put it mildly. I have always put great faith in the democratic process and this race once again proves that we have intelligent voters interested in good government. I personally did not think that Francis Collins would lose. John Nejedly, however, ran a good campaign and had a grassroots movement behind him. Collins was wrong; Nejedly was right. And Nejedly swept the county by over 11,000 votes.

Dunklee wins in a flash

Upset No. 2 was the county assessor's race. Everyone figured that Incumbent C. L. Dunklee would run first in the field of four, but no one expected him to tally more votes than the other three to win in the primary.

Upset No. 3 was in the sheriff's race. Sheriff Sergeant Walt Young nosed out Ron Orin for second place on the ballot. Most observers had picked Orin, although several weeks ago this column wrote that Orin was not campaigning strongly and did not have much finances and Young might beat him.

Orin missed the boat in other ways. He had a good story to tell—that his Concord police department is excellent, that he is a good administrator, with many years of law enforcement. Orin, however, did not get this story across to the voters. For example, at The Sun Candidates' Night last week Orin devoted his whole speech to criticism of Harry Brown. He did not even state that he was Concord's police chief.

Brown, with 41,000, ran a strong first—17,000 votes more than his nearest opponent. His four opponents, however, racked up nearly 67,000 votes. Where will these votes go in November?

An interesting deal

I understand that before the election, Myhre, Stoffels and Young agreed to support whichever one was victorious in the primary. This means that Young will have a good chance of getting most of the 19,000 votes cast for Myhre and Stoffels. Big question is whether Orin will support Young or be silent. In any event, the protest vote will go to Young but many others will not vote for him because of his lack of administrative experience.

By the time you read this, the above paragraphs could be all wrong. The 1981 absentee ballots or a recount could possibly shove Orin into second place over Young. See the latest figures in the first section.

Hardly an upset but certainly a surprise was the republican vote for governor in the county. One third of our republican voters jumped the fence and voted for Democrat Pat Brown instead of Bill Knowland.

The southerners lose

Another upset on the state level was the nomination of Assemblyman Cap Weinberger of San Francisco over Congressman Pat Hillings on the GOP ticket for attorney general. Ditto on the democrat ticket, with S.F. Senator Robert McCarthy defeating L.A. Judge Stanley Mosk. The "southerners" were figured to win.

Closest race was for Superior Court Judge—Incumbent Tom Fraga vs. challenger Tom McBride. Fraga at this minute is ahead by a few votes but this can all change.

Remember, all newspaper figures at this time are "unofficial" and can be wrong. Some precincts could have been counted twice during the mad rush to get unofficial tallies. The judge race will probably go into a recount later, even after the absentee ballots are counted.

Order in the court . . .

Another tight race was for Concord Municipal Judge—Incumbent John Garavanta was trailing Louis McKanney by a few hundred votes.

Betsy Rahn captured top spot for the Walnut Creek Judicial Court and this was expected by most everyone. Jackson Davis aced out Terry Ring for the second spot on the November ballot. (This too could change with the official figures.)

These and other races are mighty interesting and important. Now, keep your eyes on the November election!

Oh! Those Headlines! . . .

By NORMAN COLBY

"Lana Turner's Love Letters!"

Do you recall those headlines of a few months ago, and the mixed feelings you had when you grabbed a daily edition off the stands.

You probably said to yourself, "This stuff is really tripe, and who could care less, but if other people are going to be able to read it, I will too!"

In fact, you may have secretly hated the publisher for forcing you into such a decision.

They would add, "Sure, we would like to keep our front pages clean. But we're not perfectionists, and this is news."

"Of course, we have plenty of news without Lana Turner and her boy friend, but what would happen to us if on the same day we bannered a story on the relocation of the city hall, a meeting of Eisenhower and Krushchev or the formation of a water district?"

"I'll tell you. The opposition with Lana Turner wouldn't be able to sell theirs fast enough, and we'd have tons of copies to cart back to the warehouse. And our advertisers would see this, and begin to reconsider."

"You improve the people, our readers, and we'll improve our front pages."

This imaginary conversation, reflecting some truth, might be compared with a real conversation via interpreter, between this reporter and Yuri Voronov, deputy editor of the "Komsomolskaya Pravda" a Russian youth newspaper

with a paid circulation of nearly three million readers.

"Reporter: 'Do you or the other regular papers in Russia headline rapes, juvenile thugs and the like?'"

"No."

"Why not?"

"Well we have our own kind of sensations, like when one of our young men wins a big speedway race or other honor, or when there is a great accomplishment achieved by a Russian. This is true of all of our newspapers."

"But don't you have to worry about competition, circulation and a big income to pay salaries and wages, and provide for some profit?"

"We have no strong competition or, as you call it, display advertising, and our circulation is limited only by a shortage of facilities, which will be remedied soon. All our profits go to benefit youth organizations, and if the need should ever arise, the government would help us out."

"But what if you should decide to play up, or headline a rape or a movie star's illegitimate parenthood, what would happen?"

"We would not do it. The government would not like it. And besides, that really isn't very interesting if you have other things to think about."

It seemed apparent to this reporter that the Russian government, not the people, decides what is news. In an isolated case, this might be good, but who can isolate, or limit an authoritarian government?

Diablo Valley Coaches Pick Two All-Star Teams

The Diablo Valley Athletic League, Contra Costa Section, coaches selected a first and second all-star team along with honorable mention players last Tuesday night in a meeting held at Pittsburg High School.

First team selections found Acalanes, Las Lomas and Mount Diablo each landing three players on the first club with Antioch, Pleasant Hill and Pittsburg each placing one.

Complete selections were as follows:

First team:

Pitchers—Mike Kritscher (Acalanes), Don Hopkins (Las Lomas), Ron Lichti (Diablo), Catcher—Tony Barraco (Pittsburg).

1st Base—Bill Locatelli (Pleasant Hill).

2nd Base—Bud Peebles (Diablo).

3rd Base—Art Regoli (Antioch).

S. F.—Gary Hansen (Acalanes).

L. F.—Jim Liggett (Diablo).

C. F.—Roger Cowell (Las Lomas).

R. F.—Clark Ransome (Las Lomas).

Utility—Dave Bojarsky (Acalanes).

The club in the opinion of many is one of the best with top pitching strength, good all around defensive ability and with a good punch at the plate. Bojarsky, a three year letterman, displayed all-around ability that won him a spot as a player who could fill any position.

Second team players in many instances pressed those on the first club for top honors.

Selections were:

Pitchers—Lee Grichvin (Diablo), Bob Pardi (Pitts.), Mark Row (Pitts.).

Devil Batsmen Batter Knights

Diablo's Red Devils were hot as you know what last Tuesday afternoon as they took a 10-1 victory over the Knights.

The run gave the Devils a tie for the crown with the Knights as each wound up with a 12 win as against two defeats and custom being what it is the Diablo Valley Athletic League there will be no playoffs.

The game a replay of the one that ended in a twelve inning draw April 24, found Diablo taking a lead in the second frame when centerfielder Lee Grichvin contracted on of Don Hopkins fast balls over the Las Lomas abbreviated centerfield fence for a home run and a 1-0 lead.

Big Junior right-hander Ron Lichti on the hill for the Devils was in top form as he struck out six of the first eight to face him and wound up with a one-hitter as he struck out fourteen over the seven innings of play.

The Devils really put the frosting on the cake in the 5th when two walks a single and an error produced a run and plugged the bases with left fielder Jim Liggett coming to the plate. The count was 2 and 1 when he drove an over the left field fence off Clark Ransome who had replaced Hopkins in the second.

The Devils made it 6-0 in the 6th when they scored again and then Las Lomas put a run on the scoreboard in the bottom of the 6th when Clark Ransome drove a single to deep right to score Jeff Beaubien who had walked and gone to second on a wild pitch.

Lichti just wild enough to be effective kept the Knights in check the rest of the way while his teammate posted three more insurance runs in the top of the 7th. Diablo had 10 hits and 1 error to 1 and 3 for the losers.

Diablo's Red Devils were hot as you know what last Tuesday afternoon as they took a 10-1 victory over the Knights.

Light Me a Torch, Mom; I'm in the Freeway Run

By ERWIN MATTSON

See where the marathon runners are going to strut their stuff in the Lafayette area the end of June in conjunction with the Chamber of Commerce celebration which has to do with the freeway completion.

It's to be a 4.1 mile jaunt starting at the El Nido and winding up at the Acalanes High School Field. The event is under the sponsorship of the AAU which means that you have to be an amateur to take part.

Application forms will soon be available so better get into training. It's for the pure sport; the only prizes are trophies.

Dixon Farmer the Miramonte High Junior who copped a first and second in the state meet is setting his sights on the decathlon and hopes to get east to compete this summer.

WHY NOT have some service club sponsor an event in which Farmer would compete against a number of local preps in the various decathlon events?

Such an event would draw a large crowd and go a long way toward sending the personable and capable young athlete on his way.

One of the things on the agenda at the state track meet was the inclusion of the discus as an official event in next year's competition.

For a number of years it has been on an exhibition basis only.

The discus will be the one currently used in the B competition in the local meets. The varsity boys at present heave a platter the same weight as the collegiate one. Could be that Dave Weil the Las Lomas giant will be the one into orbit next year!

The boys from Oakland are moving into the local area to try and entice some prep players into Connie Mack ball.

ONE THING CERTAIN they look for the cream and then hope to skim it for their own benefit.

With double-talk and golden promises they plan to wean players away from the local area: Chances are their efforts will bring them little reward.

They leave the hard ground work up to someone else and then want to exploit the top performers.

Chances are they will be coming more and more this way as local prep ball is at an alltime high in quality and quantity of players.

Top Don Track Rooter Has Mattress Grandstand

One of the top rooters for Acalanes DVAL championship track team has been Jeff Long, an Acalanes sophomore.

Jeff's rooting, and his avid following of the cinderman's activities, however, hasn't been done from the grandstand.

Jeff, an ardent sports fan and Acalanes wrestler, has been bedridden since the beginning of the track season.

A highlight in Jeff's bed-bound days (he has an undiagnosed virus ailment) was a few days back when he heard a knock on the front door. Seconds later, in trooped Don Track Coach Charles Eaton and three members of the championship cinder crew.

With them, on their surprise visit, they brought an elaborately embellished poster, bearing a group photo of the team and the signatures of all the prep stars.

JEFF IS THE 16-year-old son of Mr. and Mrs. Terry E. Long of 3190 Stanley Boulevard in Lafayette.

The first day of his sickness was February 21, just seven days before the Dons first track meet.

JEFF HAS SPENT his waking hours listening to the radio and living from day to day for Acalanes to have another track meet. He is a living encyclopedia of the ups and downs of the Don cinder team; and of who has done what in every meet.

Track is not Jeff's only sport thought. His pastime during the last three months has been following the whole Acalanes spring

sports picture. He also was on the Don wrestling team this last winter until his illness.

According to Jeff's father, when Jeff was presented with the autographed poster by Coach Eaton, he was so thrilled that he said he would hang it next to his bed so that he could spend his waking hours looking at it.

JEFF'S 13-YEAR-OLD brother Kirby, commenting on his brother's illness said, "I sure don't like having Jeff in bed because there is no one around the house to play basketball or any other sport with."

Steve Ames, who was coordinator of the surprise visit, found out about Jeff's ailment through Jeff's father Terry Long, who is the owner of Lafayette Toyland on Plaza Way.

Steve, who is on the staff of Acalanes High's newspaper, the Acalanes Blueprint, was selling an ad for the Blueprint when Long happened to mention something about the track team and in the next breath something about his bedridden son's interest in the Don track team.

Sparked with the surprise presentation idea, Steve contacted Fred Sonntag, editor and photographer for the Aklan, which is Acalanes yearbook.

Fred gave the track team negative to Steve and Steve took it to Blueprint photographer Bob Stege who printed the photo. John Maddux of Madux Signs put the lettering on the poster and the DVAL champs of 1958 autographed it.

Coach Eaton along with pole vaulter Dave Williamson, hurdler and student body president Ernie Fox, and miler Steve Ames were on hand to pay Jeff the visit and with him a speedy recovery.

The winner of the second annual Meadowbrook Golf Club President's Cup tournament is John Corriea of Pleasant Hill, who turned in a net 289 for four rounds. (Par 280).

Diablo Wins
In a low-scoring game which found Pacifica with 2 hits and 3 errors and Diablo with 3 hits and 2 errors the Diablo Devils put another one in the win column last Thursday at Concord.

Diablo's pitcher Lee Grichvin not only threw a top game — giving up two hits, striking out 9, and walking 4, but scored Diablo's first run when he singled in the 5th and scored on three successive Pacifica errors.

Diablo Ends Champion Play
Diablo Country Club has just completed the championship flight for the club championship. The play is for 72-hole medal. Lloyd Rossi and Bud Shank finished in a tie with a total of 285 each.

A sudden death playoff was arranged, and Bud Shank and Lloyd Rossi halved the first hole with par fours.

On the second hole, Bud Shank won the club championship with an even par four as Lloyd Rossi ran into trouble. Bud Shank, a two time previous winner, this third win for Bud Shank re-ignited the cup for the Diablo Country Club championship to him.

Also in the championship flight, they played for low net scores. The low net win of the championship flight was Art Anderson, 300-24 for a net total of 278.

Knights Win 3-0 Over Pitt
In a league game played at Walnut Creek on Thursday May 29 the Las Lomas Knights chalked up a 3-0 win behind the top flight pitching of P. S.'s Don Hopkins who kept things in control all the way as he threw the shut out.

Hopkins had a good day as he struck out nine and walked none. The Knights got but three hits but made them count when they were coupled with the Pitt miscues.

Centerfielder Roger Cowell lead-off with a home run in the first and the other two runs came in the 5th on two Pittsburg bobbles. Pitt had three errors and Las Lomas two.

Normand, whose home is at 216 Camino Sobrante, is a freshman in the College of Letters and Science at Davis.

Bookmobile Set for Cayon Visit Tomorrow

Public library service to the Cayon area, discontinued when the station library was closed in December 1957, will be provided from Contra Costa County Library's second bookmobile beginning tomorrow, according to Mrs. Bertha D. Hellum, County Librarian.

Saturday at the Canyon Post Office, following the established stop at Rheem Center, Moraga. The latter stop will be shortened one half hour, making the schedule from 1 to 2:30 p.m.

Stocked with 3000 books, approximately half for adults and half for children, this added mobile library will bring library service to ten additional locations in the eastern and central area of the county. The unit is staffed by librarian Rozetta Cardwell and driver Don Foster. The first county library bookmobile which has been in operation since December 1956 will continue in

use, with additional stops, in western Contra Costa County.

In planning extension of service, the county library staff has taken into account the distance from existing libraries, location of freeways, and mobility of community population, while considering requests for bookmobile service from individuals and organizations representing over 200 heavily populated areas beyond convenient access to branch libraries.

Parking space and electrical outlets for lighting and operation of the photographic book charging machine have been offered by shopping centers, markets,

and in some cases by individual home owners.

Over 145,000 adult and juvenile books have been borrowed from the bookmobile in the seventeen months since the service was inaugurated. Operating as a branch library on wheels, the bookmobile draws upon the county library's total book collection of some 240,000 volumes kept in rotation among the 27 community branch and station libraries and the two bookmobiles.

The stock is replenished daily with additional titles, while worn and "read out" books are withdrawn for repair and distribution elsewhere. Requests may be made for any book available through county library resources, just as in the stationary libraries.

A library card, free upon application, may be used to borrow books throughout the system, and books may be returned to any library in the system. Books are loaned for two weeks, with renewal privileges provided they are not on reserve.

Because of space and time limitations only the minimum of reference service is possible on a mobile library. Patrons in need of research resources are referred to the community branch libraries where larger reference collections are available.

The Lafayette Library is open from 10 a.m. to 9 p.m. Monday through Friday, 10 a.m. to 12 noon Saturday; Orinda library hours are 2 p.m. to 9 p.m. Monday through Friday, 10 a.m. to 2 p.m. Saturday.

Pi Phi Alumni Have Meeting

Mrs. L. C. Rhodes, president, was hostess to the Bay Area Council of Pi Beta Phi Alumnae at her home near the Contra Costa Golf Club in May.

The main business of the meeting was the distribution of funds raised by the Alumnae for research on children's diseases. \$2500 has already been donated to Children's Hospital in San Francisco for the study of blood diseases in children and was instrumental in advancing that project considerably.

At this May meeting, it was voted to give \$1000 to the Children's Hospital of the East Bay and \$1000 to the new Palo Alto Medical Research Foundation.

Representing the Contra Costa Alumnae were Mrs. F. R. Preece, past president, and Mrs. Richard Kohler, president, both of Lafayette. Also present was Mrs. R. E. Bernard, Orinda, newly elected to head the local Pi Phi alumnae for the coming year. Other new officers are Mrs. Sally Harris, vice president and recording secretary; Mrs. Roger Downs, corresponding secretary and Mrs. Arthur Kaiser, treasurer.

Phi Beta's Plan Meet, Swim Party

Gamma Phi Beta Alumnae of Contra Costa County will hold their last regular meeting of the year at 8, Wednesday evening, at the home of Mrs. Ralston Way, 457 Florence Drive, Lafayette.

Mr. E. Walton Kirk, Walnut Creek clinical psychologist, will speak about the services of the psychiatric ward at the county hospital, which is the beneficiary of the proceeds from the luncheon-fashion show held last month at the Berkeley chapter house.

Plans will also be made for the annual summer swim party for the members and their children. All Gamma Phi's interested in attending this meeting, may call Mrs. May.

Back from Florida

Mr. and Mrs. Theodore Snyder have recently returned to their home at 266 Glorietta, Orinda, after spending the winter at Coconut Grove, Florida.

Farm Women Officers Installed

Contra Costa Farm Bureau Women will hold their annual county-wide luncheon and installation of county officers at Sid's, 3498 Clayton Road, Concord, June 5 at 12:30. Reservations must be in the hands of group leaders by June 1.

The decorations will be done by the Orinda unit with Mrs. R. O. Shoemaker chairman. The corsages will be made by Danville with Mrs. Leslie Kerns chairman. The master of ceremonies will be Mrs. George W. Fox of Concord, past county chairman. Mrs. Harry Hobbs of Knightsen, outgoing county chairman, has called for a short business meeting before the luncheon.

Mrs. Joseph Sousa of Modesto, state youth assistance chairman, will perform the installation ceremonies. To be installed for the 1958-59 season are: Mrs. Leslie Kerns of Danville, county chairman; Mrs. Enid Crossin of Byron, vice chairman; Mrs. George W. Fox of Concord, recording secretary; Mrs. Dante Littorno of Concord, corresponding secretary; Mrs. Douglas Killingsworth of Orinda, treasurer.

The Extension Service, which is responsible for the excellent material offered Farm Bureau Women, will be represented by Contra Costa County Home Advisors Mary Ryan Williams and Anna M. Pleasant.

Joe Digardi, owner of the Digardi Winery of Martinez and member of the Farm Bureau Federation, will be the speaker of the afternoon. His topic will be, "The History of the Wine Industry in California and in Contra Costa."

Delta Gamma Alumnae to Form Chapter

A new Delta Gamma alumnae chapter is being formed in the Central Contra Costa County according to Mrs. Samuel Mason of Lafayette. She said that a meeting will be held at her home at 1165 Bacon Way, Lafayette, on Wednesday.

Heidi Group Plans Officer Installation

Mrs. Glenn Stubblefield will be installed as president of Heidi Chapter of the Children's Home Society, on June 10, at the last regular meeting before summer vacation.

Luncheon will be served by the retiring board and honoring the newly elected board.

Mrs. James A. McCormick is chairman of the 12:30 luncheon which will be held at the home of Mrs. Don Blackwood, Mountain View Drive, Lafayette.

Mrs. Ted Clark will make the corsages for the installation and Mrs. G. A. Squires will be in charge of the installation, according to Mrs. Jack Campbell, program chairman.

Other officers being installed are Mrs. J. L. Hicks, vice president; Mrs. Andrew Young, treasurer; Mrs. Charles Morrill, recording secretary; Mrs. Ledru Frank, corresponding secretary and Mrs. James A. McCormick, parliamentarian.

'Trap' Springs Surprise For Casual Play-Goer

By FRED HILL

Tomorrow night the Diablo players present their second weekend performance of the sometimes sophisticated, but always metropolitan, satire "The Tender Trap."

If you can sit through any of the three acts, without running the Colgate laughmeter over the boiling point, we'll personally award you our back copies of Mad magazine.

The production of the Shulman-Smith comedy is the first effort of the recently-organized Diablo Playhouse, under the direction of Leon Dinkin, Walnut Creek resident and San Francisco businessman.

When we turned up for opening night we candidly weren't expecting much—save for a respite from the TV set. We were pleasantly surprised by the performances turned in by the thespians, many of whom had no prior acting experience.

CREDIT for this must certainly go to Dinkin, as well as to the enthusiasm of the players.

In our opinion, Dinkin hit on a lucky jackpot for this initial production—for he had several strikes against him (acoustics in the Walnut Creek Recreation Center, a high-roofed wooden shell, are atrocious).

The play, viewed on its own merits, is a riot. Which is no surprise, considering that it was co-authored by Max ("Bare Foot Boy with Cheek") Shulman, who also pens ads for a cigarette firm, and Robert Paul Smith, author of the kiddie dialectic "Where Did You Go—Out, What Did You Do—Nothing."

Neither is a playwright, which I guess proves that funny men are funny men regardless of the media they dabble in.

The movie version was what its star, Frank Sinatra, would term "a gasser." The play was equally entertaining as performed by the amateurs.

THE PLOT, save to say that it is an urbane comedy dealing with a penthouse caveman and his quest for women and Woman, is scarcely worth discussing; the dialogue and repara-

tee are everything, and should be heard.

Starring in the show are Franklin Sher, who turned in a fine performance as the hip, hip-chaser, Charlie Reader; and Phyllis Sher, as the Manhattan Diana, Julie Gillis. We understand this is Mrs. Sher's first role. We look forward to her second. The part calls for a pretty girl and she fulfills this requisite and otherwise does a tiptop job for a "bushleaguer."

Charlie's pal in the pill-peddling business (it was a booking agency in the movie) is played by Jack Varner, who played Heckle to Reader's Jeckle. Playing the part of occasional female ornaments in Charlie's

bachelor diggings are Eleanor Silverman, Ethel Appel and Ruth Doglin.

FRED MARCUS totes his share of the comedy load in the role of Earl Linquist, a chemist and professional protector of the weaker sex.

Richard Corriveau was a stand-out as Sol Schwartz, a hip trombone player and hip pocket guzzler.

Sample dialogue in phone conversation:

CHARLIE: (in penthouse) Sol, we're gonna have a party. Can you reach your friends?

SOL: They're here.

CHARLIE: I know that... but can you REACH them.

HOW YOU CAN SAVE \$600.00 PER YEAR ON YOUR FAMILY BUDGET

12 BIG ADVANTAGES OF BEING A MINIMAX FOOD SERVICE MEMBER

1. You buy all your family meat at wholesale prices as a MINIMAX member. You can check these true wholesale prices against the United States Department of Agriculture weekly wholesale price reports.
2. You buy your family fruits and vegetables at wholesale prices as a MINIMAX member. You can buy them either frozen or canned, and you can check the wholesale prices against the standard wholesale grocery price reports.
3. You buy your desserts and food specialty items like sliced pineapple at wholesale prices as a MINIMAX member. And you get these wholesale prices every day—every MINIMAX item is a special every day.
4. You can buy almost all the big brand name home appliances—refrigerators, ranges, automatic washers, dishwashers, etc.—at wholesale prices as a MINIMAX member. The regular factory guarantees on vital parts, along with delivery to your home, are available to you.
5. You enjoy food with better flavor as a MINIMAX member. MINIMAX has a home food slicer, which enables you to slice your bread, bacon, cheese, and sandwich meats just before you use them—for fresher flavor and the exact thickness your family likes. And MINIMAX frozen foods are naturally superior in flavor, as are MINIMAX meats.
6. You get more vitamins and minerals in your food as a MINIMAX member, especially with MINIMAX frozen foods. The Wisconsin Alumni Research Foundation reports that almost all frozen vegetables, fruits and juices retain more vitamins and minerals.
7. You buy drug store items at wholesale prices as a MINIMAX member. This means savings of from 10% to 25%, and even up to 50% on the hundreds of drug items your family uses in a year.
8. You buy cosmetics at wholesale prices as a MINIMAX member. And MINIMAX stocks only the top brand name cosmetics, with savings on famous brand names of 10%, 25%, and even 50%.
9. You enjoy better packaging as a MINIMAX member. For instance, MINIMAX frozen peas and frozen corn pour as easily as sugar. Each pea, each kernel of corn, is frozen separately and you can pour a teaspoonful or pound quickly and easily out of the 2½-pound modern polyethylene bags.
10. You save on car mileage as a MINIMAX member. You can cut out as many as three to four dozen shopping trips a year, and save 10¢ to 15¢ per mile in car mileage—MINIMAX even delivers to your home freezer.
11. As a MINIMAX member you do not have to pack home 2½ tons of food a year—you can stop being a pack mule forever.
12. As a MINIMAX member you enjoy a free maid and chef—Mini and Max do most of the food preparation work for you, you just pop it in the pot.

DO YOU NEED A HOME FREEZER TO JOIN?

Some families who are interested in MINIMAX Wholesale Buying Service wonder if it is necessary to have a home freezer in order to join.

The answer is no—you do not have to have a home freezer to enjoy the big MINIMAX savings on drug items, on appliances, and on the canned, bottled, and packaged foods in the MINIMAX Superette. You can save hundreds of dollars a year the MINIMAX member way without a home freezer.

However, you can also save several hundred dollars more per year with a home freezer—and that's worth thinking about. You also give your family better food, with more vitamins and minerals, at lower cost.

The Wisconsin Alumni Research Foundation has reported that almost all frozen vegetables and many frozen fruits and juices, retain more vitamins and minerals than canned ones do.

Frozen fruits and vegetables are also fresher than fresh, because they are instantly quick-frozen where they are grown, within a few hours.

"So-called fresh vegetables" are usually from 5 to 7 days old by the time they reach your table, and U.S. Department of Agriculture research shows most of the vitamins and minerals are lost in 3 days at room temperature.

HOW A MINIMAX MEMBER SAVES \$350 PER YEAR ON FOOD

Hundreds of Contra Costa families have joined Bill Williamson's new MINIMAX Buying Service, and are saving \$600 per year or more on their family budget by buying food, drug items, and appliances at genuine wholesale prices.

Almost all family foods are included in the MINIMAX Wholesale Buying Service—meats, vegetables, desserts, and the canned, bottled, and packaged brands found in supermarkets. The only foods which MINIMAX does not furnish at wholesale prices, plus small membership fees, are fresh vegetables and fresh fruits.

However, MINIMAX members have fruits and vegetables available canned or frozen—and frozen fruits and vegetables are fresher than fresh and contain more vitamins and minerals, government and university scientists report.

Nationally-famous foods are available to members at wholesale prices, including Del Monte peaches, Campbell's soups, Best Foods mayonnaise, and almost all the other top national brand names. The most popular drug items like Bayer's Aspirin and top brands of toothpaste, hair-spray, shampoo, lotions, and skin creams are also available at wholesale prices in the MINIMAX Buying Service superette.

The famous names in refrigerators, ranges, automatic washers, dishwashers—names as well known as Frigidaire, General Electric, Bendix, Westinghouse—are also available to members at wholesale prices which mean a saving of as much as several hundred dollars on a big ticket appliance.

Famous names in small appliances are also available at wholesale prices and MINIMAX members can get some completely free like a \$45 Osterizer and a \$35 ice cream maker on the MINIMAX profit-sharing referral plan.

The detailed savings at MINIMAX wholesale prices amount to \$350 a year on foods, \$100 a year on drug items and cosmetics, \$100 a year on appliances and \$50 a year on mileage.

You can find out how your family can become a member of the MINIMAX Wholesale Buying Service by phoning YE llowstone 4-4478, or by stopping in at the MINIMAX plant office at 1916 East Street, Walnut Creek, or by filling in and mailing the coupon below.

MINIMAX is a new wholesale buying service under the direction of Bill Williamson, who has operated Williamson's Food Packing Plant in Walnut Creek for 23 years. Williamson has a top reputation with the Chamber of Commerce and Better Business Bureau for integrity and ability in food handling, and is able to use his 23 years of food experience in obtaining top brand names of food for MINIMAX members at wholesale prices.

The low average saving at MINIMAX wholesale prices on meats, vegetables, desserts and other grocery items is \$7 per week, or more than \$350 per year. Families who eat more than the bare essential foods find that their MINIMAX wholesale food savings often run \$10 per week, but Williamson prefers to use the more conservative figure of a \$7 per week saving.

HOW A MINIMAX MEMBER SAVES \$250 PER YEAR ON OTHER ITEMS

In fact Williamson's figures on MINIMAX savings are conservative all the way through. He figures \$250 per year savings on wholesale MINIMAX prices and drug items, cosmetics, appliances, and gas mileage—although most families can make a higher savings.

On appliances, for instance—\$300 range, \$600 Bendixes, \$400 refrigerator, \$300 dishwasher, \$400 hi-fi, \$300 in TV and radios, and \$700 in several dozen small appliances—he figures the average family invests \$3,000 every ten years. MINIMAX wholesale prices on appliances save a family ⅓ of this cost, or \$1,000 over a ten-year period, or \$100 per year.

The MINIMAX Superette has the top national brands of drug items available to members at wholesale prices, which represent a savings of from 10% to as much as 25% on famous names, and even as much as 50% on some famous brands.

Many housewives figure that they also save \$50 a year or more on car mileage as a member of MINIMAX Wholesale Buying Service—because they do not have to shop so often, and because MINIMAX delivers large purchases to their home.
